DID YOU KNOW...

...that Creative Storytellers contributes more than half of its profits to the rescue, safety, treatment, and rehabilitation of exploited and endangered children worldwide?

We consider the publishing of this book to be a great privilege because its message, and the underlying principles of its author, remind us that kindness, compassion, and generosity of spirit—combined with action—will always enable us to overcome the moral and ethical dilemmas of our time.

Both author and publisher have committed more than half of the net proceeds from the sale of this book to PROGENY, a global organization dedicated to the plight of disavowed, exploited, and endangered children. Your purchase of this book means that you, too, are playing a significant part in giving just one lost child a real chance for recovery, a normal life, and the opportunities they deserve.
